

TESOL President and SIU alum Mark Algren and twenty other loyal alumni, from places as far away as Indonesia, UAE and Macao, reunited at the annual TESOL conference in New Orleans (March 16-20). Speaking proudly of our alumni, Dr. Algren, Director of the Applied English Center at the University of Kansas says, "I meet SIUC alumni frequently; once I was doing a review of a program for an accreditation board, and three out of four of us doing the review noticed that we were Salukis."
